

**HE Shared Legal:
The 'in house', shared legal service for HE institutions
Information Seminar**

**Thursday 20 March 2014
Venue: University of Strathclyde, Glasgow, 11:30 – 15:30**

HE Shared Legal is holding a Seminar on 20 March 2014 to promote the **HE Shared Legal** service to prospective subscriber institutions across the UK.

HE Shared Legal, which commenced operations in 2012, was created with HEFCE funding following the completion of a feasibility study commissioned by HEFCE to identify demand for a shared legal service for the HE sector. The service has now been running for 20 months and has attended to over 140 individual enquiries, many of which are substantial and/or complex, covering: employment, contract, procurement, governance, corporate, charity law, etc.

This event will include:

- presentations from its staff members on the various elements of the **HE Shared Legal** service
- a subscriber presentation and further feedback on their use of the service to date
- an indication of the **savings** to be made from a subscription to the service
- an opportunity to raise **current legal topics** of concern to the sector

Delegates will gain a detailed introduction to the **HE Shared Legal** service and the experiences of its users. There will be no charge for this event.
